

**The Life and Ministry of Alfred and Julia Stone**  
*Alfred b. 1874 - d. 1949 and Julia b. 1884 - d. 1971*

*This book has been written by the children and grandchildren of Alfred and Julia Stone. The purpose is to preserve the family history that has been passed down to us by our parents and grandparents.*

There are three main reasons that have motivated us to write this book. The first is to organize the family photos that have been left to us and to clarify the story before it becomes too late and it has been forgotten. We realize the value of the lives of Pastor Alfred and Julia Stone and understand the importance of this generation sharing what we have been told.

Secondly, it has been written down so that this family story can be passed down to the future generations of Pastor Alfred and Julia Stone. The hope is that they may cherish the story and pass it along to those that come after.

The last reason is to give this book to the archive of the Evangelical Free Church of America in order to preserve this history. This way other interested people from the Evangelical Free Church may discover Pastor Alfred and Julia Stone's work in the early beginnings of the denomination.

We would like to thank the following people that were involved in this project through sharing information and encouragement: Jim Forstrom (Archivist from the EFCA), Iola Sandberg, (daughter of Alfred Stone), Merle Stone (son of Alfred Stone), Russ and Jean Ferrin (granddaughter & grandson-in-law of Alfred Stone), Jim and Dee Sandberg (grandson & granddaughter-in-law of Alfred Stone), Geneva Stone (niece-in-law), Pastor George Wold, Pastor Ed Blomberg, Pastor Arley Bragg, Cynthia Guy Ali (great granddaughter of Pastor Alfred Stone) and Sandra Guy (granddaughter of Pastor Alfred Stone).
