Special Music Story

One Sunday afternoon when they were in Concord, Nebraska, Julia and Iola were singing duets at home. Julia had a beautiful soprano voice and Iola who was only 10 years old sang alto. That night at church Alfred announced that they had new talent at the church. He called on Julia and Iola to sing. Of course they could not say no to him. That was just the beginning of Julia and Iola singing in many places! They both enjoyed singing and blessed many people.
